

Set containing pair of 110 mm aluminium (P) Prism and (B) Blank jaws (FEIN VersaMAG)

Pair of 110 mm FEIN VersaMAG aluminium (P) Prism jaws and pair of 110 mm FEIN VersaMAG aluminium (B) Blank jaws. Flat material can be clamped with ease thanks to the 90° milled slot at the top. No scratching of the material – superlative quality even with sensitive workpieces, such as stainless steel, aluminium or plastics. Thanks to the jaws, the workpiece doesn't wobble or slip. The premium FEIN quality of the jaws guarantees a long service life while also protecting the materials. This saves time on rework and increases productivity when working with sensitive workpieces. The pair of 110 mm (P) Prism jaws - When machining round and square profiles with diameters of up to 30 mm, the VersaMAG (P) Prism jaws achieve a secure hold. Pair of (B) Blank jaws - Thanks to the blank profile and extra deep material thickness, customisable profiles can be produced for your individual application. Only compatible with the FEIN VersaMAG vice set (9 07 01 003 02 0). Scope of supply: 2 x B (Blank) aluminium jaws 2 x P (Prism) aluminium jaws, up to diameter of 30 mm

Part number: 9 07 01 010 01 0
