VDE flush-mounted device boxes

Small-pack packaging

(25 pcs packed in a poly bag)

Flush-mounted device boxes are designed for installing electrical devices in masonry. They can also be used as junction boxes by fitting a universal cover. They securely accommodate sockets, switches, network outlets and other built-in devices, ensuring firm installation in the wall in accordance with the applicable standards. The boxes have metric entries and connecting spigots on both sides for joining adjacent boxes.

VDE ✓ | CE ✓ | halogen free | silicone free | IP20 | Max. 650°C | PS | RAL 9005

HEIGHT IN MM	Ø IN MM	PACK QTY	CTN QTY	PALLET	ARTICLE NO.
42	60	25	250	6,000	305042-KV
62	60	25	250	4,000	305062-KV

Small-pack packaging uses a compact, easy-to-handle outer carton. Unlike bulk packaging, the products are packed in bags in the specified pack quantities. The minimum order quantity is 1 pallet or a multiple thereof.
